Education

- | | |
|---|---------------------------------|
| • Bikaner Technical University, Bikaner - B.E./B.Tech (Information Technology) | CGPA: 8.42 2021 - 2025 |
| • Board of Secondary Education, Rajasthan - Class 12 | 75.4% 2019 - 2020 |
| • Board of Secondary Education, Rajasthan - Class 10 | 85.5% 2017 - 2018 |

Skills

- **Programming Languages:** Java, Python, C/C++, JavaScript, PHP
- **Databases:** MySQL, MongoDB
- **Frameworks:** React, Node, Express, SpringBoot, Laravel
- **Tools:** Git, GitHub, Linux, Postman, VsCode, IntelliJ Idea
- **Soft Skills:** Communication, Leadership, Team Work, Decision Making, Problem Solving
- **Relevant Coursework:** OOPs, DSA, DBMS, Networking, Operating System

Work Experience

Backend Developer @ Celebal Technologies | [Link](#)

Jun'24 - Aug'24

- Completed a hands-on internship at Celebal Technologies, specializing in NodeJs backend development; built and optimized Restful APIs using ExpressJs, achieving a 30% improvement in response time.
- Worked with MongoDB and Mongoose for efficient database schema design, validation, and querying in real-world business applications.

Full Stack Web Developer @ EY Global Delivery Services | [Link](#)

Feb'24 - Apr'24

- Developed a responsive music web application with seamless browsing, playback, and playlist management using Django for the backend and HTML, CSS, JavaScript for the frontend.
- Implemented user authentication, audio streaming, and integrated modern UI frameworks to enhance interactivity and deliver a smooth user experience.

Projects

Public Grievance Redressal Portal | [Link](#)

May'25

- Developed a full-stack Public Grievance Redressal Portal using the MERN stack with secure user authentication, complaint registration, and real-time status tracking.
- Built an admin dashboard to manage and resolve complaints efficiently, enabling issue status updates and direct communication with users.

Library Management System | [Link](#)

Jul'25

- Developed a full-featured Library Management System using Spring Boot and MySQL, enabling efficient management of books, members, and issue/return transactions.
- Built RESTful APIs with Spring Boot, implemented CRUD operations, and integrated JPA/Hibernate for smooth database interaction and data handling.

Academics and Extracurricular Achievements

- Awarded to top 4.2% of leetcoders solving problems 100+ days in 2024 | [Link](#)
- Solved 500+ DSA problems and secured Rank 6 on GeeksforGeeks at college level | [Link](#)
- Secured 2nd place in C++ Debugging Contest | [Link](#)
- Responsive Web Design Certification from FreeCodeCamp | [Link](#)
- Top 5% in Topmate Mentors | [Link](#)

Positions of Responsibility

Capstone Project | Team Leader

Feb'24 - Jun'24

- Led a team in building a Food Ordering App using Django Framework, classified different sections, and created Synopsis & Report.

Image Captioning Project | Team Leader

Oct'24 - Feb'25

- Built an AI-powered image captioning system using CNN-LSTM to generate descriptive captions for uploaded images in a web application.
